Budget Plan of Payment

Applicable to Service Classification Nos. 1 and 2

A budget plan of payment shall be available to any customer purchasing gas under Service Classification No. 1 or 2 whose consumption causes a substantial fluctuation in the customer's bills over an annual period. The Company shall estimate the aggregate amount of the customer's bills for gas service during a 12-month period to determine a monthly installment amount and shall advise the customer of the amount of the monthly installment to be paid during the budget period. If the customer elects to pay the installment amount in lieu of the amount otherwise due, the customer shall be deemed to have accepted the budget plan of payment, and the plan shall then become effective so long as the customer shall (1) pay each monthly installment on or before its due date, and (2) pay, on or before the due date of the last installment of the budget period, the amount of the excess of the actual charges for gas taken by the customer during the preceding budget period over the sum of the installments previously paid by the customer, if the excess is above a threshold amount determined by the Company. If the excess is less than the threshold amount, then the excess will be carried over into the next budget year.

If the aggregate of the monthly installments paid by the customer for any such budget period exceeds the aggregate of the customer's actual charges during the same period, the amount of the excess shall be credited to the customer's account, or shall be refunded to the customer upon the customer's request.

The Company's estimates are not a guaranty or assurance that the total actual charges will not exceed the estimates. The Company may, from time to time, revise the estimated amounts and revise the amount of the monthly installments. It shall advise the customer of the revised installment amount. Thereafter, the Company shall use said revised estimate as the basis for budget payments by the customer until such time as it may again be deemed advisable to revise said estimate.

Said estimates, or any revision thereof, shall apply only to the premises then occupied by the customer. If the customer vacates such premises, the plan with respect to said customer shall immediately terminate and any amounts payable by or due to the customer on account of service rendered during the period covered by the plan shall be billed to or paid to the customer.

Interest on Credit Balances

The Company will pay interest on the average daily credit balance for the account of each customer under the plan at an annual rate equal to the rate in effect pursuant to 83 Illinois Administrative Code Part 280. In determining the average daily credit balance, a debit balance will be assigned a value of zero. The interest computation will be made for each account at the end of each billing cycle or upon the issuance of a final bill; interest so computed will be credited to the account and will be shown on the bill.
